PURPOSE OF REPORT: To set out how the Fire Authority has assessed the effectiveness of its governance arrangements and to seek approval of the Annual Governance Statement in line with the Accounts and Audit Regulations 2015.

EXECUTIVE SUMMARY: The Authority is required under the Accounts and Audit Regulations 2015 to conduct an annual review of the effectiveness of its systems of internal control and to prepare an annual governance statement in accordance with proper practices to accompany its Statement of Accounts.

The review has been carried out by the Assurance, Performance & Governance Group of senior officers in line with the Authority's Local Code of Corporate Governance which has been reviewed and is consistent with the seven

principles of good governance as identified in the CIPFA/SOLACE 2016 Framework - "Delivering Good Governance in Local Government".

As part of this review we have not identified any gaps in assurance over key risks or significant governance issues. The Authority has, however, identified a range of improvements to its corporate governance framework. Action Plans are in place to address the necessary improvements and these will be monitored during the year.

The Annual Governance Statement (Appendix 1) will be included in the Statement of Accounts 2020/21 when these are published on 31 May 2023, and was approved by Senior Leadership Team on 22 March 2023 prior to reporting to this Panel.

Section 21 of the Fire and Rescue Services Act 2004 provides the statutory authority for the Fire and Rescue National Framework for England and requires FRAs to have regard to the Framework in carrying out their functions. In line with this, the Framework requires FRAs to provide assurance on financial, governance and operational matters and in doing so they must publish an Annual Statement of Assurance.

The Annual Statement of Assurance is seen by Government as an important measure that will ensure that FRAs provide local scrutiny arrangements and access to a range of information to help communities influence, and be assured of the robustness of local delivery arrangements.

East Sussex Fire and Rescue Service's Annual Statement of Assurance has taken note of the guidance and is attached as Appendix 4.

RECOMMENDATION:

The Panel is recommended to:

- (i) confirm that they are satisfied with the level of assurance provided to them through this report and the Authority's governance framework and processes; and
 - (ii) approve the Annual Governance Statement for signing by the Scrutiny & Audit Panel Chairman and the Chief Fire Officer.
-

INTRODUCTION

1. Sound Corporate Governance is crucial if the Authority is to continue to provide leadership, direction and control. The Annual Governance Statement provides an opportunity for the Authority to assess and report transparently to the public how it ensures that it is doing the right things, in the right way, for the right people, in a timely, inclusive, open, honest and accountable manner.
2. The Authority has a local Code of Corporate Governance which is consistent with best practice guidance from the Chartered Institute of Public Finance and Accountancy (CIPFA) and the Society of Local Authority Chief Executives and Senior Managers (SOLACE), and revisions to the Authority's internal processes.
3. The Accounts and Audit Regulations 2015 require the Authority to ensure that it has in place a sound system of internal control which facilitates the effective exercise of its functions and which includes arrangements for risk management. The Authority is required to conduct an annual review of the effectiveness of its system of internal control and to prepare an annual governance statement in accordance with proper practices to accompany its Statement of Accounts.
4. The production of an Annual Governance Statement is the final stage of an on-going process of review of our governance arrangements including risk management and internal control. In summary, the process must involve an organisation reviewing the adequacy of its governance arrangements, developing an action plan for improving those arrangements, and communicating the framework to users and stakeholders.
5. This report was prepared with the Assurance, Performance & Governance Group of senior officers and approved by Senior Leadership Team on 22 March 2023.
6. The Authority's corporate governance framework is underpinned by a number of key documents and processes. These are summarised in section 4 of the Annual Governance Statement (Appendix 1).
7. The main policies and strategies that make up the Authority's corporate governance framework are summarised in the Local Code of Corporate Governance. The Local Code of Corporate Governance reflects the current CIPFA/SOLACE 2016 Framework. The sources of assurance in place for each of these policies and strategies have been reviewed and where the need for improvement has been identified this is set out within the Annual Governance Statement.
8. Evidence shows that the Authority continues to have in place good arrangements for corporate governance and that they are working effectively.
9. The Annual Governance Statement includes the mandatory disclosure of any significant governance issues identified through the Authority's governance and internal control arrangements. Appendix 3 to this report sets out the progress that has been made against the areas for improvement identified in the Annual Governance Statement for 2021/22.
10. Since 2013 the Authority has also been required to produce an Annual Statement of Assurance on an annual basis in line with the requirements of the Fire and Rescue National Framework and DCLG guidance issued in May 2013. Whilst there

is some overlap between this statement and the Annual Governance Statement, officers have decided to continue to publish them separately in order that their separate and distinct objectives are transparently fulfilled. The Annual Statement of Assurance is presented at Appendix 4 to this report.

11. The Annual Governance Statement will be reviewed by our external auditors, Ernst & Young LLP, as part of their audit of the 2022/23 accounts.
12. The requirement to publish an Annual Statement of Assurance is contained within the Fire and Rescue National Framework for England. Section 21 of the Fire and Rescue Services Act 2004, Fire and Rescue Authorities must pay heed to the requirements of the Framework.
13. The Annual Statement of Assurance incorporates headings covering financial, governance and operational matters to provide assurance that the Fire Authority has shown due regard to the requirements of the Fire and Rescue National framework and the expectations set out in the Fire Authorities Integrated Risk Management Plan. It is intended that where possible, it should not duplicate information publicly available elsewhere but should provide sufficient contextual information but then point the reader to where more comprehensive information can be found.
14. The Annual Statement of Assurance will also be used as a source of information on which to base the Secretary of State's biennial report under Section 25 of the Fire and Rescue Services Act 2004.
