Introduction

East Sussex Fire Authority (“the Authority”) has been established as a body corporate in accordance with the Combination Scheme (“The Scheme”), attached to the East Sussex Fire Services Combination Order 1996. Under paragraph 7 of the Scheme, the Authority has appointed a Treasurer, to ensure that proper arrangements are made for the administration of the Authority's financial affairs.

In accordance with the Treasurer's role, these Regulations outline the system of financial administration to be operated by the Authority and its fire & rescue service, East Sussex Fire & Rescue Service. All references in these Regulations to the Authority include East Sussex Fire & Rescue Service. The role of Treasurer is currently combined with the post of Assistant Director Resources/Treasurer, hence this reference is used throughout the document.

Where reference is made to the Senior Leadership Team (SLT) this means those postholders who are full members of SLT i.e. Principal Officers and Assistant Directors acting both collectively and individually.

Local Government Acts and other regulations or codes of practice are quoted in these Financial Regulations where they are applicable in accordance with The Scheme or have been adopted by the Authority.

These Regulations outline the system of financial administration to be operated by the Authority and it shall be the responsibility of the Authority and the Chief Fire Officer & Chief Executive to ensure that they are observed.

Where the Authority has delegated powers to the Chief Fire Officer & Chief Executive these shall be exercised in accordance with the Financial Regulations.

Financial Regulations shall be deemed to be part of Standing Orders insofar as they relate to the conduct of business in the meetings of the Authority and its Panels.

The Chief Fire Officer & Chief Executive shall consult with the Assistant Director Resources/Treasurer in respect of any matter within their responsibilities which may affect the finances of the Authority before any provisional or other commitment is made, or before reporting thereon to the Authority and its Panels.

In these Financial Regulations, references to an employee of the Authority shall include any officer of the Authority and references to an officer of the Authority shall include references to an employee of the Authority, unless, in either case, the context requires otherwise.
